PROFILE SUMMARY

Tosca Automation Architect, Tricentis Tosca, Tosca Testsuite, SAP Automation, Salesforce Automation, SAP S/4HANA, SAP PP, SAP MM, SAP FICO, Vision AI, BDD, Playwright Gherkin, Cucumber, API Automation, REST-assured, Postman, API Scan, Java Framework, Jenkins, CI/CD, DevOps, Docker, GCP, Cloud Testing, Neoload, Performance Testing, Power BI, Test Reporting, Automation Framework Design, Java, Kotlin, Scala, Go, Test Strategy, Test Planning, Digital Transformation, Generative AI, Playwright ,Intelligent Automation, Agile Testing, QA Architect, Test Governance, End-to-End Automation, Web Automation, Mobile Testing, Functional Testing, Regression Testing, Neoload , Vision Ai, test mandate for Product company.

WORK EXPERIENCE

Senior Test Lead

HCLTech
11-2025 - Present

Leading End-to-End Test Automation Strategy for SAP S/4HANA implementation covering SAP MM, SD, FICO, PP and P2P flows.
Architecting scalable automation framework using Tricentis Tosca (TBox, XScan, Tosca Wizard, TCD).
Managing Distributed Execution (DEX) and Tosca BI for parallel regression execution across environments.
Designing Automation Framework (Hybrid + Data-Driven) integrated with CI/CD pipeline using Jenkins.
Implementing API Automation using REST Assured & Postman for SAP integration validation.
Driving Test Governance, Requirement Traceability, Risk-Based Testing and Defect Leakage Control.

KEY SKILLS

- DevOps, SQL, Tosca, SAP SD, SAP MM, JIRA, ISTQB, Java, Jenkins, Tricentis Tosca, ERP, Agile, Automation Testing, Web Application Testing, Tricentis, Selenium Testing, Functional Testing, Manual Testing, HP Alm, JIRA Tool, Fiori, Tosca Automation, SAP Integration, Qtest

CERTIFICATION

- certificate s4hana and FICO
- sap fico consultant
- sap s4hana MDG
- SAP TOSCA SPECIALIST
- python 100 days of coding
- SAP MM CERTIFICATION
- ISTQB Certified Tester Foundation Level (CTFL) Training

PROJECTS

Tosca Framework with Rest Assured using java and Gcp to link testcases status in Grafana dashboard
181 Days
Tosca Framework with Rest Assured using java and Gcp to link testcases status in Grafana

Handling Test Planning, Estimation, Resource Allocation and Release Management.
Leading team of automation engineers and coordinating with Onsite-Offshore stakeholders.
Managing defect lifecycle using JIRA, qTest and HP ALM.
Executing large-scale Regression Testing, Integration Testing, UAT Support and Cutover Validation.
Performing Test Data Management (TDM) using Tosca TCD.

senior consultant - Sap testing

NEC Software Solutions

08-2025 - 10-2025

- Led SAP automation initiatives utilizing Tosca for the KMD project, enhancing overall testing efficiency and accuracy.
- Specialized in SAP S/4HANA testing, focusing on Material Management (MM) and Financial Accounting and Controlling (FICO) modules.
- Collaborated with cross-functional teams to identify and implement best practices in automation processes.
- Developed comprehensive test scripts and executed rigorous testing strategies to ensure system integrity and compliance.

Senior Software Lead

Tech Mahindra

08-2024 - 07-2025

- Implemented automated testing solutions for web applications using TOSCA TBox, enhancing testing efficiency and accuracy for Ford and KMD projects.
- Streamlined test case generation and execution by leveraging TOSCA's scanning methods, including XScan and TOSCA Wizard.
- Utilized SQL queries to extract and analyze test case results, facilitating improved data-driven decision-making processes.
- Managed TOSCA Test Suite components, such as Modules, Test Cases, and Execution processes, ensuring comprehensive test coverage across multiple projects.
- Conducted through API Testing and employed TOSCA BI for effective distributed execution, contributing to enhanced application performance and reliability.

Test Automation engineer

dashboard.

COPA PROJECT

122 Days

copa automation with sap and Tosca tool

SAP UPGRADE

274 Days

worked on sap s4hana testing for all modules of Sap mm, sd, pp,ptp,fico with customisation and Automation using Tosca

Marvel Automation for Asia Pacific and NI regression.

334 Days

Marvel Automation for Asia Pacific and NI regression.

MDM project

883 Days

automation with toska of AP, AR, PP and PM testcases

BPACT

550 Days

Sap mm and FICO consultant with selenium and toska tool with python.

Tyson it Solutions pvt ltd

07-2022 - 08-2024

Experience in Tosca Automation Testing on sap Fiori for using Tosca TBox. Working with Tosca BI and Distributed Execution, API Testing. Involved in preparing various automation frameworks like Data driven, Hybrid framework for automation in Sap MM module and SD Module and Fico. Hands on experience with MM module with Procurement flows like Purchase requisition, purchase order and inventory management, Vendor master, purchase info records. Flows understanding of procure to pay(P2P) , Request for Quotation (RFQ), Quotation Agreement, Goods receipt, invoice verification. Inventory management related topics like stock types, physical inventory. Background in functional testing on Web, API and Mobile. Excellent technical and communication skills E2E Test automation scripts using Tosca. various SDLC processes, testing methodologies, quality standards and industry best practices. Hands-on experience implementing CI/CD using Jenkins/Bamboo Responsible for DEX Execution, Test Data manage

Associate Consultant

NTT Data

05-2021 - 07-2022

SAP S4HANA FICO CONSULTANT WITH PYTHON AND SELENIUM AUTOMATION WITH TOSCA AND S4C TOOL. Good knowledge of Tosca scanning methods i.e. XScan and Tosca Wizard. Good knowledge of Tosca Test suite - Modules, Test Case, TestCase Design, Requirement, and Execution. Experience in Tosca Automation Testing for Web Applications using Tosca TBox. Working with Tosca BI and Distributed Execution, API Testing. Involved in preparing various automation frameworks like Data driven, Hybrid framework for automation. • Worked on FI key areas - General Ledger Accounting, Accounts Payable, Accounts Receivable, Asset Accounting, Taxes, Banking • Worked on CO key areas - Cost center Accounting(CO-CCA), Internal order Accounting(CO-IOA), Communication Management (BCM) Hands on with various MM module concepts like MRP Process, MRP run Valuation, Material Valuation, organisation

structure. effective used defect Management tools like Jira, hp alm

Software Tester

Artech infosystem pvt ltd

08-2019 - 02-2021

Software test engineer for Sap Fiori for Tosca Automation with selenium for sap MM and FICO Modules for SAP LABS

Software Test Engineer

Catbus Infolabs

11-2018 - 08-2019

worked on sap s4hana testing Experience in Tosca Test Automation,API,qTest. - Design, Development and Maintenance of Automation framework, functional and regression Testing. Hands on experience with SAP MM module for various processes like MRP, procurement process configuration, PP,Master data, Batch creation, Batch Management. worked on Goods movement like goods receipt, goods issue, Physical inventory, Service invoice verification. MM Master data, Procurement process, Inventory management and MRP types. -Test Data setup using TCD (classes/Attributes/Instances) -Classic and TBOX Engines for UI applications . - Distributed Executions(DEX) -Strong in SDLC and Agile Methodologies. -Knowledge of Defect Management tools Viz. ALM,and JIRA ? Wrote clean, clear and well-tested Tosca AUtomation Test cases for various projects such as SHELL, TOPCON and DELAWARE. ? Worked closely with software development and testing team members to design and develop robust solutions to meet client requirements for functionality, scalability, and performance. ? Conducted periodic status checks with customers and teams to assess projects against plans.

EDUCATION

B.Tech/B.E. - Bachelor of Technology / Engineering - Electronics and Telecommunication Engineering

2018

Visveswaraiah Technological University (VTU)

Grade - Pass

Class XII

2013

CBSE, English

Marks - 70-74.9%

Class X

2010

CBSE, English

Marks - 95-99.9%
